

Balance of Activities

Number of employees	- Ethiopia	644 (3 foreigners)
	- Germany (full-time)	25
	- Germany (honorary)	around 450

Project Area		around 57,000 km ²
--------------	--	-------------------------------

Sustainable Land Management and nutrition

Nurseries (<i>Menschen für Menschen</i> and private)	672
Distributed seedlings	242 Mio.
Soil and water conservation terraces, stone and soil bunds	56.517 km
Biological soil conservation / vetiver grass plantation	7088 km
Closed afforestation sites	12.062 ha
Modern beehives distributed	14.483
Improved "green" stoves (mud and concrete)	280.864
Households with newly implemented vegetable gardens	21.899
Irrigation systems for vegetable gardens	106
Veterinary service stations established	30

Water and hygiene

Hand dug wells, shallow wells and spring developments	2.612
Rural town water supply development	6
Water reservoirs and ponds	100

Education

Schools (constructed or extended)	444
Student living quarters	4
Participants of literacy campaign	364.891
Vocational Educational Training Centers	5
Agro Technical and Technology College (ATTC)	1
Graduates with technical diploma and bachelor in ATTC	2.162
Participants in short term farmers training	140.906

Balance of Activities

Karlheinz Böhms Äthiopienhilfe

Health

Health institutions	102
Hospitals	3
Ambulances	39
Eye operations conducted	67.331
Family planning (Number of Contraceptive Clients)	866.463
Mass meetings against HIV/Aids conducted	515
Anti Aids Clubs members (in schools)	6.797
Participants in Adolescent Reproductive Health Training	10.282
Participants in Training HIV/AIDS Prevention and Care	34.429

Human Development and income

Small credit takers	28.797
Training participants (e.g. sewing, hygiene, health, vegetable, gardening etc.)	94.705
Trainees in improved handicrafts	5.440

Necessary infrastructure for project work

Bridges	18
Road construction (incl. 55 km all weather road, rest temporary dry weather access roads)	3.663 km
Children's home	1
